

SuperEC Recovery Unit

Features:-

- Recovery & recycling units for refrigerant gas.
- Simple Operation: Easy volume control
- Rest Button: Pressure reset / shut – off
- Removable Power Cable: Prevents cable damage
- 4-Pole Motor: Higher torque, for greater recovery efficiency & longer service life

Technical Data:

Applicable For	All refrigerants of type CFC – HCFC – HFC
Capacity	Vapour: 0.12kg. / min (with R22)
	Liquid : 1.66kg. / min (with R22)
	Push / Pull: 5.57kg. / min (with R22)
Electrical Data	230V / 50-60Hz
Power	0.5HP / 370W
High Pressure Switch	38.5bar / 3850Kpa
Dimensions	500 x 220 x 340mm
Weight	17kg.
